MAI Laptop Checkout

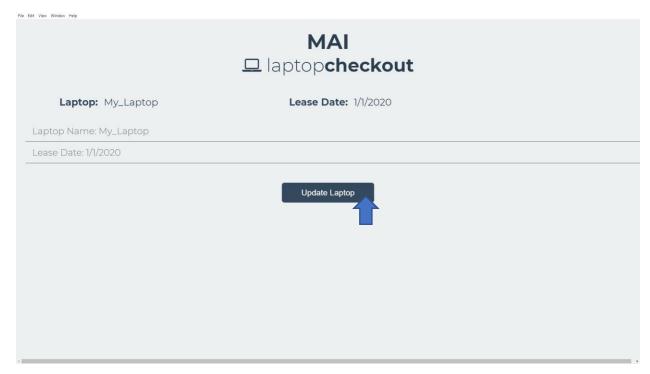

Add a laptop by filling out the form and clicking "Add Laptop".

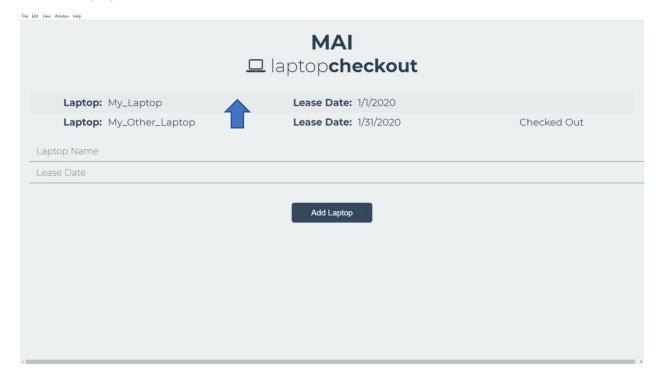

Edit or delete a laptop by hovering the cursor to the left of its name in the laptop list and clicking the corresponding icon.

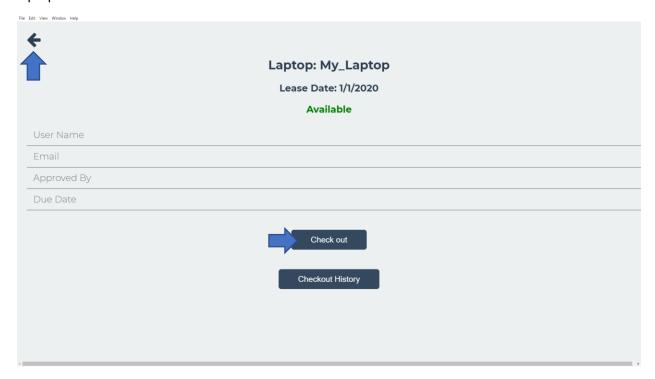

In the edit laptop form, click "Update Laptop" to save changes.

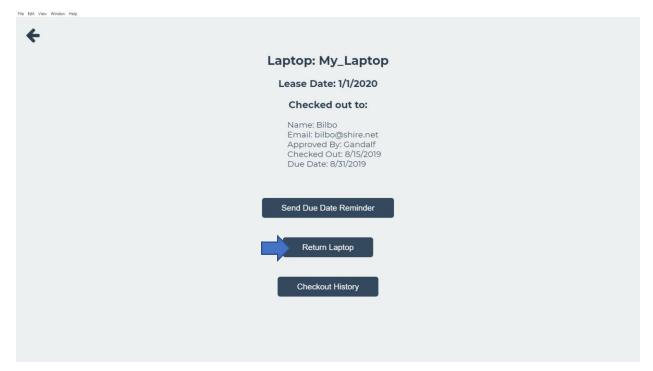

Click on a laptop to view its checkout information.

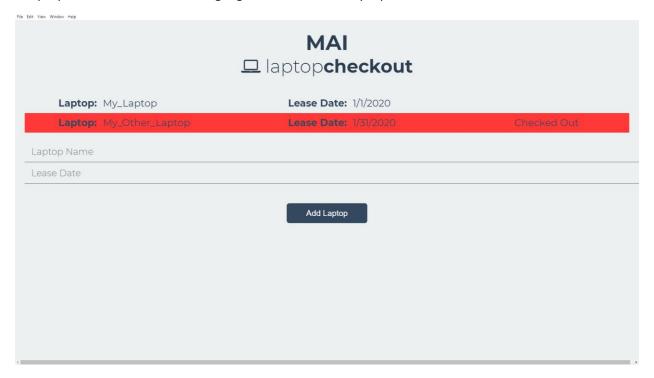

To check out a laptop, fill out the form and click "Check out". Click the back arrow to return to the laptop list.

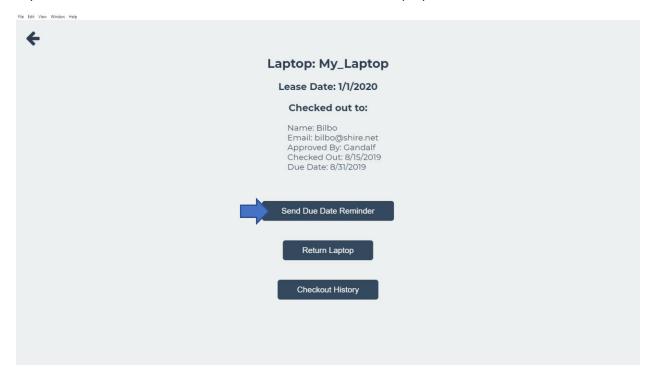

If the laptop is checked out, its current checkout information will be displayed. Click "Return Laptop" to clear the current checkout and make the laptop available.

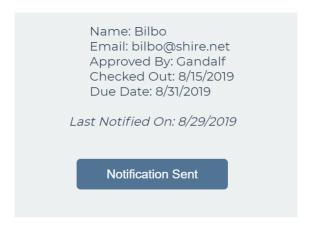

A laptop that is overdue will be highlighted in red in the laptop list.

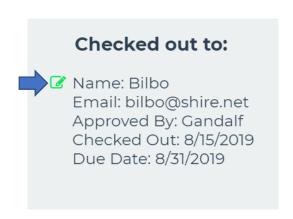

Click "Send Due Date Reminder" to send an email reminder to the user's specified email address. The email contains the laptop name, checkout date, and due date. If the laptop is overdue, the button will say "Send Overdue Notice" and the email will indicate that the laptop is overdue.

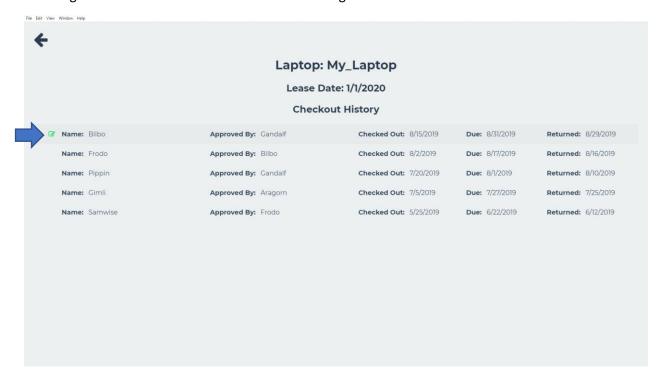

If the user was sent a notification email, the date of the last notification will be displayed. This includes emails sent automatically by the server. The app is set to send emails once a week by default, and only for laptops that are overdue or due in less than two weeks.

Edit the current checkout by hovering the cursor to the left of its name and clicking the icon.

Previous checkouts are displayed under "Checkout History". Once again, edit or delete a checkout by hovering the cursor to the left of its name and clicking the icon.

In the edit checkout form, click "Update Checkout" to save changes.
